This is the third office action for application number 10/693,434, Assembly for Suspending an Object from a Sloped Surface, filed on October 24, 2003.

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 40, line 11, "wherein" has been deleted.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of an assembly for suspending an object from a sloped ceiling, including a bracket, a first end portion of the bracket defining a first opening, a second end portion defining a socket surface which defines a second opening, a retainer including a generally hemispherical body defining a first longitudinal axis and a sleeve structure having a central bore defining a second longitudinal axis, wherein the axes define an oblique angle, and a rod extending through the second opening, now essentially included in independent claims 23, 29, 31, 32, 34, 37, 40, 42, 43, 46, 48, 49, and 50, in combination with the other elements recited in the claims, respectively, which is not found in the prior art of record.

Art Unit: 3632

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
